HON;

REF: **REQUEST FOR EXPERTS ASSISTANCE.**

Refers to the heading above, I'm chief executive officer from AFESCOM, we have a project known as *Online Battery Charging System (OBSCS)*, and I am reaching out to request expert assistance from hub for a project that my team is currently working on, we have been impressed with the expertise and knowledge that your hub has to offer, and we believe that collaborating with your experts will significantly contribute to the success of our project.

Our project concerning about to recharge electronic devices through electromagnetic waves, we are enthusiastic about the potential impact of our work and believe that engaging with experts from costech hub will bring valuable insights and innovative approaches to the table.

The specific areas where we seek expert assistance are as follows:

1. Electronics experts and
2. Software Developers

We understand the value of your experts' time and expertise and are committed to compensating them appropriately for their involvement in our project. We are open to discussing the terms of engagement and working out a suitable agreement that benefits all parties involved.

We believe that by collaborating with the hub, we can foster a mutually beneficial partnership that leads to shared knowledge and advancements in our respective fields.

If you are interested in collaborating with us or have any further questions regarding our project, please do not hesitate to contact me at ***geofreyssteven@gmail.com***, we would be more than happy to provide additional details and discuss the project in more depth.

Thank you for considering our request. We look forward to the possibility of working with the talented experts from the hub and creating a positive impact through our joint efforts.
